Genuine Leather

Studebaker bodies are upholstered with genuine
leather, and it is of high grade quality—the same
that you find in cars costing from \$500 to \$1000
more than Studebaker cars.

It is soft, pliable, durable, fast-colored, and it
will not work off, scale, crumble or check. We
describe this leather to you because it shows the
quality of material that Studebaker uses in the con-
struction of its car.

Expense has not been spared to cheapen the car
in any particular. It is distinctly a high-grade,
fine automobile. Your comfort, your safety, your
pride, have all been considered in the design and
construction of both the FOUR and SIX.

It costs only a little more to obtain the quality
that you find in Studebaker cars, and this quality
is the thing that gives you real economy. "It is
better to pay a little bit more and get the BEST."

APRIL ELECTION NEXT MONDAY

State and Townships Present
Good Men for Offices.

Next Monday will be held the regu-
lar spring election. There will be a
state and township ticket as well as
five amendments to be voted for and
the voter will be burdened with bal-
lots galore. It is bound to be a long
and tedious task for the voter to
plough thru the mass of ballots, and
also a big job for the election inspec-
tors.

Locally there seems to be very little
interest in the affair, and what there
is seems to be on the part of the can-
didates themselves. Melvin A. Bates
will fight it out with Walmer Jorgenson
for the office of supervisor, Jerry
Lovely and Peter F. Jorgensen are
after the office of Highway commis-
sioner and Justice Frank H. Milks,
re-nominated for the office of justice of
the peace is being opposed by William
McCullough. Outside of these candi-
dates there seems to be nothing doing.

There are several contests among
the candidates in out-lying townships
in the county. Supervisor Charles
Craven, of Frederic, is out for re-elec-
tion. He is opposed by Floyd Gos-
horn.

There is but one ticket in Maple
Forest but James F. Knibbs, candi-
date for supervisor, is being opposed
by Ed. Feldhauser, who is running on
slips.

Homer Benedict and Frank E. Love
appear to be making a stir in Beaver
Creek township.

didates and their respective parties in

HATCHERY DISTRI- BUTING TROUT FRY

CHINOOK SALMON FRY FEED-
ING AT HATCHING.

The annual distribution of the Brook
Trout fry is now at hand and some
2,500,000 fry will be distributed be-
tween Detroit and Mackinaw on the
M. C. R. R. The fry at the Hatchery
are the finest that can be had, and
there are now 1,000,000 feeding in the
hatchery and races outside.

A short time ago Supt. Zalsman
went to Comstock Park hatchery and
brought back 7000 Chinook Salmon, which
are now feeding at the hatchery.
These Salmon are natives of the Pa-
cific coast, all the way from California
to Alaska, and have been caught in
the Yukon river, Alaska, to weigh 100
pounds. In size, no other salmon in
the world compares with it, but fur-
ther south it grows smaller and in
California they average about fifteen
pounds.

These fish are caught when they go
up the river to spawn in fresh water.
They do not spawn in salt water, and
as soon as they have spawned, return
to the ocean, if they are able to do so,
for they sometimes go up the river so
far, or until half their bodies are ex-
posed to the air. The salmon that
spawn a long distance from the ocean
do not return to it again, but die on or
near their spawning grounds.

Some say that salmon spawn only
once, but this is disputed by some
fishermen, but no one has made a
study of these fish to know whether
they spawn more than once or not. It
is also said that to make the eggs fer-
tile the fish must return to the salt
water. This will be tried at the local
hatchery and some of these fish will
be kept here until they are old enough
to spawn and see whether the eggs
can be taken and fertilized in fresh
water. It is said this will take about
four years. Some of these fry will be
put into K. P. lake to see what they
will do, as there is no outlet to this
lake, for if the salmon can get out
they will go to the ocean if they can
find their way, no matter the distance.

Mr. Zalsman does not think that
salmon raised in fresh water will have
the beautiful red colored flesh but will
have a pale pink or cream color.

STATE BASKET BALL TOURNAMENT

THE DETROIT NORTHWESTERN
HIGH IS WINNER.

Karpus Picked as Forward for
All-State Team.

Detroit Northwestern high school
won the State basketball champion-
ship at Ann Arbor Saturday after-
noon by defeating Jackson high school
24 to 21 in the final battle of the three-
day series. Jackson took second place
while Detroit Central and Grand Rap-
ids Central, who fought their way into
the semi-final round, were bracketed in
the next two positions.

Northwestern defeated Grand Hav-
en, Cadillac, Grayling, Hart, Grand
Rapids Central, and Jackson in turn,
and has an undisputed claim to the
state high school title. Jackson beat
Arthur Hill, Cheboygan, Detroit Cen-
tral, only to lose out in the champion-
ship round by three points in a gruel-
ing game.

The cup, for most points scored
went to Henderson of Northwestern
with 58 points. Gold basketballs went
to players and coach of the same team
with a championship cup to be held
for one year. Cups went to players
and coach of Jackson, with basketballs
going to the Detroit Central and Grand
Rapids Central squads and their
coaches. Ribbons went to the two all-
state teams picked at the close of the
series. These teams follow:

First team—Whitlock, Detroit Cen-
tral, and Henderson, Northwestern,
forwards; Isbell, Jackson, center;
Houston, Grand Rapids Central, and
Cappon, Holland (Capt.), guards. Sec-
ond team—Pacynski, Bay City West-
ern, Karpus, Grayling, Mitchell, Jack-
son, forwards; Van Rossum, Grand
Rapids Central, center; Brooks, Ar-
thur Hill (Capt.), Wilson, Detroit Cen-
tral, guards.

The Grayling basketball team, after
winning the State championship
against all schools of the state with
high school enrollment of 200 or less,
at Ypsilanti, rested a few days and
then entered the contest at Ann Arbor,
open for all high schools of the state.
They started in the first game with
Ann Arbor, winning with a score of
20 to 16. The same day they played
Pontiac and won 18 to 16.

Their next contest was with the fast
Northwestern High of Detroit, and in
this game they lost 30 to 13. This was
the only game they lost during the
season. The game with the latter
team was fast and furious and at the
finish our boys were completely worn
out. This eliminated Grayling from
further contest. Their victors easily
proved themselves the strongest team
that took part in the tournament. Dur-
ing the Grayling game they substituted
seven different players, thus giv-
ing them fresh men at quite regular
intervals, while Grayling played all
the Ypsilanti games and Ann Arbor
games and during this time used but
one substitute. Excellent authority,
the Ann Arbor coach, stated that had
the Grayling players been fresh and
free from bodily bruises they would
have had equal opportunity to win
from the Northwesterns.

During both tournaments our boys
covered themselves with glory by
their fine playing. Karpus was easily
the star at Ypsilanti, coming in for
strong praise, as did also Thompson,
while Meistrup, Doroh and Shanahan
all played wonderful basketball and
equally deserved the fine credit they
received. But one time did Case get
into the game and that was with the
Northwestern and he played a fast,
effective game. Chamberlin, who was
in uniform as "sub" did not get into
any of the games. He had not been
playing on the team all season and
was not quite prepared, unless cir-
cumstances required it, to enter into
these tournament games. No doubt
he will "make" the first team next
season.

School Notes

Pearl Engel has left school.

Martha North of the third grade has
returned from Battle Creek.

Wesley Slingerland is back in school
after an absence of three weeks be-
cause of sickness.

Our victorious basketball team is
again in school after having had a
very strenuous vacation.

The physics class having completed
the study of electricity begins the
study of light today.

To our gymnasium equipment has
just been added twenty four sections
of wall bars, two vaulting horses, two
mats and a vaulting box. In addition
to these we have been given permis-
sion to use some apparatus from the
Danish gymnasium. This makes a
great improvement. There are many
ways of preparedness but they will all
fall unless physical and spiritual pre-
paredness are put first. We rule over
nature by placing ourselves under the
laws of nature.

The Good Fellowship club and the
Grayling Woman's club have present-
ed the school with an emergency cabi-
net containing bandages, ointments,
adhesive tape, scissors, tourniquet,
safety pins, etc. We commend the
two clubs for their thoughtfulness and
thank them for their useful gift. It
has been placed in the rest room
where it is accessible whenever needed.

The botany class assembled at four
o'clock last Friday and went to visit
the Grayling Greenhouses. Here they
saw numerous things that they had
never before observed concerning the
structure and parts of flowers that
they have been studying. At five
o'clock, each carrying a carnation pre-
sented by Mr. Cook, they returned to
the gymnasium for their supper and a
short social time.

Our High school has the honor and
distinction of being represented on
the All-state second basketball team.
Arthur Karpus shares the position of
left forward with a Jackson man.
The Michigan Daily (Ann Arbor) says
"Karpus of Grayling and Mitchell of
Jackson, share honors, no choice be-
ing possible. Karpus was the most
finished dribbler on the floor, and pos-
sessed ability to follow a dribble with
an accurate shot. Mitchell had an in-

stant for guessing where every play
was going, and his speed carried him
into it at the right place."

Frederic School Notes.
Robert Hunter is absent on account
of illness.

The 6th grade is progressing very
rapidly in percentage.

The 4th grade dramatized "How
Cedric became a Knight."

The 4th grade are learning many
things about Europe.

The pupils in the Intermediate room
had some very good drawings last
week.

The boys in Miss Cameron's room
are playing baseball.

The 5th grade have finished their
physiology and will now take up his-
tory.

The 5th and 6th grades are going to
have a Current Event class once a
week.

Some of the business college short-
hand writers have become so pro-
ficient that they are able to do some
outside commercial work.

The book-keeping class have nearly
finished their commercial arithmetic.

The graduates, assisted by other
members of the school have started
practicing for a play to be given soon.

Report cards will be out Monday.

The new library is doing a big busi-
ness. Come out Monday nights and
read the magazines. You may take
them home with you also.

Andrew Brown and family have
moved to Grayling. Roy Brown, how-
ever, will stay with us until the end
of the school year. Katie Brown will
leave and enter the Grayling school.

The high school is organizing a
base ball team. Here is hoping they
will do as well as in basketball.

Our school wagon will soon have to
have wheels.

Miss Malco received some new work-
ing material for her room.

One thing everyone has been pleas-
ed with this winter is the steam heat.

C. S. Barber, secretary of the school
board is able to be out again after a
month of sickness.

Announcing the NEW Seven-Passenger OLDSMOBILE.

A MOTOR CAR creation, \$1367 ready for the road—provides a distinctive in every line—(f. o. b. Lansing) reserve of power that makes gear shifting rarely necessary. The smoothness of the eight cylinders is a motoring delight.

Correct design and high grade workmanship are proved by the almost absolute quiet of the motor, while the balanced crankshaft, light weight, balanced connecting rods, and die-cast aluminum alloy pistons reduce vibration and loss of power through internal resistance to a minimum.

Economy of operation is insured by light weight and motor refinement. The gasoline average is from fifteen to eighteen miles a gallon, and the tire mileage is unusually high. The oil consumption is nominal.

Throughout, the car leaves nothing to be desired. Walnut woodwork and nickel finished instruments are but details of its superior worth.

The car is on display at our showroom. Call or write today for a demonstration.

Mrs. J. Lee Morford of Gaylord spent Monday with Mrs. George Alexander. Mrs. Morford came in response to an invitation from the Goodfellowship club, to give some musical numbers for a musical program, they were having. Mrs. C. C. Westcott also gave some musical selections. Both ladies were greatly enjoyed.

The members of the Rebekah lodge gave a pleasant party at the home of Miss Carrie Jorgenson Monday evening to celebrate two of their members' birthdays Mrs. Martha Hill and Miss Edna McCullough. A social evening was enjoyed and at a delicious luncheon that followed Mrs. Hill and Miss McCullough were presented with pretty hand-painted china plates as tokens of remembrance.

Lieut. Edward Spies of troop A cavalry, who has established his home here in Grayling, returned home Monday morning from El Paso, Texas, where he had been with his troops since last October. He is considering the raising of a troop of cavalry in Grayling. The state department has received orders from the government to increase their militia to 12,000 men, or about 8,000 more than they now have enrolled.

Mrs. George F. Smith entertained a number of young ladies at her home Tuesday evening at a Spring party to honor her daughter, Miss Florence, who is home to enjoy the Easter vacation. The decorations were suggestive of Spring, sweet peas and pussy willows being used. In a flower contest, Mrs. Lillian Burritt was awarded the prize, and Miss Marguerite Lockwood was successful in winning the prize in an Easter egg hunt. At ten o'clock a pretty two-course buffet luncheon was much enjoyed by the twenty-five guests.

Saginaw Central high school basketball team played Grayling in the High school gymnasium last night, the latter winning with a score of 50 to 8.

There was nothing to it but to win and make all the scores we wanted to. Even at that our boys played way below their usual standard. The first half was featured by many fumbles. Grayling scored often and played a listless game until Saginaw made two baskets, then our boys got busy and run up 24 points before the whistle blew after the first half. In the second half Saginaw had still less chance to score but managed to equal their first half score, one basket being made from nearly the middle of the floor. Grayling made 26 points in the last half. Of the points made Kurpus made 34, Melstrup 10, Shanahan 2, Doroh 2 and Case 2. Thompson made no points but, as usual, did very effective work as guard. This will probably be the last game of the season for Grayling. The school will soon be turning its attention to base ball for its athletics, and there appears to be timber that is sure to put us in the front rank in this line of sport.

Miss Laura Simpson of Laurium, Mich., is home for the Spring vacation.

Miss Mildred Schreck of Bay City, is visiting her parents, Mr. and Mrs. Charles Schreck.

Add 1000 or more miles to your old, worn-out tires by using Maxotires. Guaranteed against blow-outs for one year. Henry Joseph, distributor.

Mrs. Wm. J. Teare of Bay City visited her husband here over Sunday last, returning to Bay City Monday afternoon. They will occupy the Wilhelm Raae residence soon as the latter moves to Johannesburg.

J. A. Garden of Kalkaska county, will hold an auction sale at his farm on Tuesday, April 10, commencing at ten o'clock a. m. He has a goodly number of horses, and farm implements of all kinds to dispose of. For further particulars, we call your attention to his advertisement in this paper.

Clarence Johnson, son of Mr. and Mrs. Charles O. Johnson, of this city, who enlisted in Ambulance Co. No. 2 at Bay City last June and who has been stationed with the troops at the border, arrived home last Saturday afternoon. He recently returned with his company from the border, where they had been in service since last October. They, with other Auxiliary troops, were mustered out of service last Friday. He spent a short time enroute home with his sister in Saginaw, arriving home Saturday afternoon. He is looking fine, and says he is feeling good. He says that he has covered a good deal of country since he left here last fall and has had a lot of good experience and has seen a lot of wonderful things. He says he would not give the experience he has had for a good deal. He had been employed at the DuPont offices in Bay City before enlisting, but he expects to remain at home now. His friends are all glad to have him back again.

The Pneumonia Season.

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.

"The same price the nation over."

are still \$17, but the price of nearly everything else has jumped.

When the war came everyone in the clothing business thought that wool would go up. The makers of Styleplus Clothes \$17 on account of their extensive advertising were duty bound to keep on supplying the public with "all wool fabrics, expert tailoring, the skill of a great designer," at the known price \$17—provided there was any way on earth to do it.

What happened? These makers bought wools and linings in tremendous quantity. They kept on adver-

tising "the price remains the same." Volume doubled, manufacturing costs dropped because of the increased production—new efficiency and new economies came to light through the "necessity of the hour."

Incidentally, the makers as well as ourselves have been content with a smaller profit in order to keep your price the same.

Please do not forget—we are the only Styleplus Store here.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar
1/2 cup water
1 cup seeded raisins
3 ounces citron
1/2 cup shortening

1 teaspoon nutmeg
1 teaspoon cinnamon
1/2 teaspoon salt
2 cups flour
5 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.

Easy Money for Grifters.

The officials of the police department have sent out a warning to the people of Detroit and Michigan, as well, to be extremely cautious in paying cash subscriptions to strangers. Soliciting frauds or most every description have been reported of late which resulted in a general notice from the department to the public to be on guard.

Charitable schemes seem to be the most successful and prospective contributors are urged to insist on seeing the stranger's credentials authorizing such collections and then satisfy themselves that the authority is genuine before parting with their money.

It has been reported in several up state cities, several men have been soliciting funds for an Association of Railroad men which has no existence. During the recent embargo periods considerable money was collected on theory that the subscription would be advantageous to the shipper in getting quick action on his delayed freight shipments.

Detectives Mitts and Smith of the Detroit Police department picked up two men Saturday, charged with soliciting for a Polish publication that does not exist. Both are charged with forgery and larceny by trick and are in custody, pending trial, in default of \$1000 bail. Numerous other fake schemes have been reported to the Detroit police from up state towns, where the organization or individuals to be assisted are alleged to be located in Detroit which prompted the Michigan Manufacturers' association to issue bulletins of warning requesting the public to carefully investigate all soliciting schemes, especially those claiming patriotic motives, which is a popular appeal these days, and pays big returns to the fakers.
